90cm Stainless Steel Dual Fuel Freestanding Multifunction Cooker

Twin Fan Cooking - With Beko's TwinFan™ technology, you can now cook large portions in no time. By spreading heat evenly throughout the oven, the dual fans provide better air circulation, giving you faster preheating and cooking time compared to single fan ovens.

130L GROSS CAPACITY

Extra Large Capacity - Beko CookMaster® with its 130L Gross capacity means you can cook lots of food in one go. Cooking for your family and friends has never been easier.

ABSORB GREASE & ODOURS

Easy Clean Catalytic Panels - The catalytic back & side walls makes cleaning quick and easy. Cleverly absorbing cooking grease and reducing food odours, this means no more harsh cleaning chemicals.

Flame Failure Safety - Providing peace of mind, this device will automatically cut off the gas supply if the flame accidentally goes out.

High Power Wok Burner - Great for cooking stir fry, the wok burner evenly distributes high power heat across the bottom of your pan. Not only does this improve cooking performance, but it can also save you time in the kitchen by cooking your food faster too.
