

Pet Hair Eraser Slim Cordless | 2907F

Access every area of your home without the hassle of a cord

Pick up messes almost anywhere in your home with BISSELL® Pet Hair Eraser Slim Cordless Stick Vacuum.

It's engineered with our patented Tangle-Free Brush Roll, so you don't have to worry about that annoying hair that gets wrapped around the brushes of other vacuums.* The powerful lithium-ion battery provides up to 30 minutes of cordless cleaning.**

The Pet Hair Eraser Slim Cordless easily converts to a handheld vacuum and works with the included crevice tool and dusting brush to clean upholstery, stairs and other soft surfaces where dirt and debris accumulate. It's also engineered with the Easy Empty™ Dirt Tank with CleanSlide Technology™, controlling dust and dander when you empty the dirt tank eliminating the clean up after the cleanup. When you're done cleaning, the vacuum and its tools store together on the included wall mount, so they're always ready to clean, whenever you need them.

- Multi-Level Filtration. Filter helps trap dust particles - plus it's washable, so after-cleaning care is easy.
- 21V Lithium-Ion Battery. Provides easy, cordless cleaning for up to 30 minutes.**
- Swivel Steering. Easily maneuver around furniture and other obstacles while cleaning

*Tested per tangle free protocol BTP0251-A with hair length 6 - 8 inches.

**Run time varies based on cleaning mode and accessories.

30 Minutes of Convenient Cordless Cleaning*
