

RADIAS

KEY FEATURES:

- 3 power setting
- Patented battery design, for a better and more even heat distribution
- Real energy for increased effectiveness
- Room thermostat to set and automatically keep the desired temperature
- Safety thermostat
- Anti-frost function
- Front carry handle
- Pre-assembled castors
- Cord storage

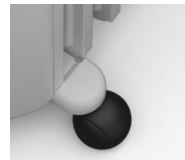

NEW BATTERY DESIGN

New Battery Design which allows to increase the radiant surface guaranteeing maximum thermal exchange and effectiveness.

REAL ENERGY

the unit increases it's effectiveness, exploiting 100% of its nominal power without exceeding the surface temperature safety limits, thus combining safety with quicker heating to maximum comfort.

PRE-ASSEMBLED CASTORS

Pre-assembled castors, for an easy and practical transport of the appliance from one room to another

ROOM THERMOSTAT

Adjustable room thermostat to set and automatically keep the desired temperature

TECHNICAL DATA		TRRS0920T
Rated voltage/Frequency	V-Hz	230~50
Heating power - Max	W	2000
Heating power - Med	W	1100
Heating power - Min	W	900
Fins		9
Colour		WHITE
