

8kg Ultimate Care Heat Pump Dryer. The innovative heat pump system ensures gentle drying, high performance and energy efficiency with a 7-star energy rating. Woolmark apparel care certified, with Advanced Sensor Dry, reverse tumbling action, and Refresh cycle.

RRP AUS \$1,649.00

Product Details

FEATURES

Reversing tumble action

Special programs for easy iron

Time drying

Woolens and silks programs

Drain kit included
Drains excess water so you don't need to empty the water tank manually

BENEFITS

Ultimate Care Heat Pump System

The innovative Heat Pump System is kind to your clothes and your energy bills. Designed for increased energy efficiency and exceptional performance, our 7-star energy rated dryers uses significantly less energy compared to our standard condenser and gently dries clothes at a lower temperature.

Careful drying, every time

With Electrolux's Delicate Care technology, every garment is dried at the temperature that suits it best. The fast drum movement on the wool cycle ensures wools are kept flat to reduce shrinkage. Alternatively select the silk cycle to ensure your delicate silks are gently kept aloft to keep their shape. The dryer measures the exact humidity and temperature to protect from over-drying, while the intuitive tumble action helps dry clothes more gently and evenly. So, when you open the door, your clothes will look and feel fresh and ready to wear again.

Advanced Sensor Dry

Your clothes will be dried almost perfectly with Advanced Sensor Dry. Humidity sensors are activated throughout each cycle to eliminate over drying, which can be harmful to fabrics. So, you enjoy optimal drying accuracy, along with exceptional care and performance.

Soft Touch Drum

With its raised circular texture, the Soft Touch Drum creates a gentle environment for delicate clothing by minimising prolonged contact clothing makes with the drum.

Large Reversible Door

Everyones laundry is different. Thats why we designed a large reversible door to accommodate those tight spaces and side-by-side installations. You can easily change the direction of the door opening yourself to suit your requirements. Plus, the large door size also allows you to load and unload your dryer with ease.

Gentle on the ears

Inverter technology is designed to be discreet and unobtrusive. Feel free to turn your dryer on any time of the day or night, without it interfering with anything else youre doing.

PRODUCT INFORMATION

The descriptors and illustrations in this publication apply to the specific products and models described as at the date of issue. Under our policy of continuous product development, product specifications may change without notice. Prospective purchasers should therefore check with their retailer to ensure this publication correctly describes the products that are being offered for sale. All information supplied is to be used for general reference purposes only and is on the understanding that Electrolux Home Products Pty Ltd (Australia) and Electrolux (NZ) Ltd (New Zealand) will not be liable for any loss, liability or damage of whatever kind arising as a result of reliance on such information. Colours of products illustrated are as close as printing limitations allow. Electrolux will at all times comply with its obligations pursuant to law including Trade Practices (Australian Consumer Law) Act and Regulations.

WARRANTY

This warranty only applies to Appliances purchased and used in Australia or New Zealand and used in normal domestic applications and is in addition to (and does not exclude, restrict, or modify in any way) any non-excludable statutory warranties in Australia or New Zealand. All warranties are subject to the conditions set out in the warranty card accompanying the product when purchased.
