Features & Benefits

Designed to match

With their premium handle styling and stainless steel finish, our fridges are designed to match the rest of Fisher & Paykel's kitchen appliance family.

Humidity control

Your fruit and veges need different environments. The humidity control slides in each storage bin create a microclimate that helps keep food fresher for longer.

Easy cleaning

Removable, spill-safe glass shelves are easy to clean and contain drips and spills. Storage bins and white steel doors just need a wipe to keep spotless.

Design quality

Our fridges are designed and built using quality materials. We use real stainless steel on our fridges and solid glass for shelving.

Clever energy

Your fridge adapts to daily use by cooling and defrosting only when needed. This means your fridge uses the energy it needs without compromising on food care.

Simple storage

This fridge is designed to make it simple for you to store, access and remove food. Storage bins give you full access inside when they're pulled open and can be easily removed to clean. Our flexible shelving also gives you more storage options.

Efficient

ActiveSmart™ fridges intelligently adapt to daily use to save energy – cooling and defrosting only when they need to without compromising on food care.
