The Frame QLED 4K Smart TV (2023)

TV when it's on. Art when it's off.

32"

Top Features

Art Mode

The Frame uniquely transforms into a work of art when it is not in use. Choose from the built-in artworks or your own cherished memories and transform your home into your own personal gallery. [1]

QLED powered by Quantum Dot More than 100% Colour Volume [2]

Samsung Quantum Dot technology delivers more than 100% colour volume enabling accurate colour reproduction at any level of brightness - allowing you to discover details you may not have seen before. [2]

Anti-Glare Matte Display

Display your artwork to a gallery standard. The Anti-Glare Matte Display Film uses a sophisticated embossed design to minimise reflections, and spectacularly scatters light to create a premium matte finish that looks as good as a real canvas. [3]

Object Tracking Sound Lite (OTS Lite)

You'll love how Object Tracking Sound Lite uses AI and the TVs bottom speakers to simulate a 3D audio experience which appears to track the action on Screen. [4]
