Price (RRP)	899
EAN	9313139338465

Short Description	For real coffee drinkers, the Sunbeam Origins Espresso Machine is built with a 58mm commercial-sized group head to give you maximum espresso flavour. Create a perfect cup of coffee quicker with powerful dual thermoblock heating system allowing you to simultaneously brew coffee and steam milk, so you can savour your coffee sooner.
Long Description	For real coffee drinkers, the Sunbeam Origins Espresso Machine is built with a 58mm commercial-sized group head to give you maximum espresso flavour. The integrated Tap & Go grinder with precision auto dose, allows maximum control over your grinds. Have less mess with anti-static technology that ensures grounds land in the group head and not on the counter top during the grinding process. Powerful dual thermoblock heating system can simultaneously brew coffee and steam milk so you can savour your coffee sooner. Get frothy milk with velvety microfoam using a professional grade stainless steel wand for a café-style flat whites, lattes or cappuccinos. To ensure your coffee always tastes it's best, a built-in cleaning accessory storage makes routine maintenance quick and easy.
