### BENEFITS

#### FlexSpace™, it's size redefined

With a busy lifestyle and a growing family, you can always do with more space in your fridge. That's why Westinghouse created FlexSpace™, which is designed to maximise storage, flexibility and access to meet your ever-changing needs. Big enough to handle even the biggest grocery shop, you'll be able to fit in all your food and drinks with ease.

---

#### Healthy continuous fresh water

The Westinghouse Bottom Mount Fridge with ice and water helps keep your family healthy and hydrated. With easy access to filtered water from the slimline in-door water dispenser, no one will need to go thirsty again.

---

#### Adjustable storage solutions with FlexStor™

As your family changes and grows, so do the requirements of your fridge. With FlexStor™ you enjoy the convenience of being able to easily change the configuration, whatever your needs. Adjust the height and position of the door bins to fit in large and smaller items and arrange your fridge your way.

#### Automatic icemaker means you will always have ice available

There is nothing more refreshing than an icy cold drink on a hot day. With the automatic icemaker you will always have ice available whenever you need it, all stored in a handy extra large drawer.

# Dimensions

### Recommended minimum clearances

**Please note:** Doors are designed to sit proud of cabinetry (not flush).

If you have a cupboard above the refrigerator with a rear gap of less than 100mm (Y), recommended minimum clearance at the top of the refrigerator increases from 30mm to 70mm (X).

550mm for telescopic drawer models

When positioned in a corner area, clearance of at least 350mm on the hinge side will allow the doors to open enough to enable the removal of the bins and shelves. This required clearance increases to 550mm for those models with telescopic extension slide-out bins.

# Terms and Conditions
