## 82 L Gross Capacity Multifunction Built-in Oven with Pyrolytic Cleaning

**Multifunctional Cooking** - Bake perfect cupcakes, roast a delicious Sunday dinner or use the grill to make a hearty but healthy breakfast. A multi-function oven provides you with the ultimate in cooking flexibility by combining a fan and conventional oven, a grill and a host of different cooking functions.

**Large Capacity** - We understand how busy your home life can get and how important it is to be able to cook more food in one go. Our large capacity ovens come in a huge 82 litres gross capacity, so you can cook everything you need for your family & friends.

**Pyrolytic Self Cleaning** - Save time in the kitchen with our ovens that clean themselves at the touch of a button. The oven heats up to a super-hot 480°C, burning away dirt and grease, and then all you have to do is use a damp cloth to wipe clean.

**Telescopic Shelf System** - Move heavy dishes in and out of your oven comfortably and safely thanks to our fully extendable telescopic wire shelves. The full extension telescopic shelf comes out of the oven completely - for maximum ease. Partial telescopic shelves come 2/3 of the way out.

**Easy to Remove Side Racks** - Making cleaning the inside of your oven less of a chore, the side racks can be quickly and easily removed.
