the Juice Fountain® Cold Plus

Product Description:

High performance juicer with an innovative and unique space saving design. Featuring a 88mm extra wide chute for shortened prep time. Cold Spin Technology extracts fresh juice into a high capacity 2L jug.

COLD SPIN TECHNOLOGY®

Cold Spin Technology allows juice to flow up and through the stainless steel cutting disc surrounded by an Italian-made mesh filter to ensure an insignificant temperature increase.

SPACE SAVING DESIGN

With the pulp bin located behind the product base, the Juice Fountain Cold Plus features a new and unique space saving design for a better use of your countertop space.

SHORTENED PREP TIME

The unique 88mm extra wide chute feed allows you to juice whole fruits and vegetables without pre-cutting. Less prep for larger produce.

XL JUICING CAPACITY

Juice and seal in a high capacity 2L jug for the whole family or store it in the refrigerator for up to 3 days.

CUSTOM DESIGNED JUICE NOZZLE

Perfect for mess-free juicing straight into a glass. Simply invert the nozzle when finished to avoid juice drips.
