

- **A MACHINE THAT KNOWS YOUR BEANS:** With Bean Adapt Technology, setting the machine settings is as easy as entering the chosen bean type into the App and the machine will adapt the grind, dose and temperature for the perfect extraction.
- **PERFECTLY TEXTURED MICROFOAM** thanks to the 500ml Integrated LatteCrema System, you can get hot, perfectly textured microfoam every time, with an easy refill top and thermal double wall design to keep milk cool for longer while out of the fridge.
- **PREMIUM INTERACTION & TECHNOLOGY** with Wi-fi connectivity to control the machine parameters, on-off control, recipe creation and much more, or use the 4.3" full touch TFT colour display to easily swipe through the machine settings, customise your coffee or change user profiles.
- **WIDE VARIETY OF AUTOMATIC RECIPES.** From the authentic Italian Espresso to Cappuccino, from Coffee to Flat White, PrimaDonna Soul can deliver multiple recipes with just one touch. Moreover, special functions such as Coffee pot, Mug To Go, Over Ice & Tea Function.
- Up to 21 pre-set coffee recipes
- 4.3" touch display (colour TFT)
- 500ml LatteCrema System jug
- Integrated Cleaning function
- Easy clean spout disassembly
- 5 User Profiles
- MY Function to personalise beverages
- Dishwasher safe drip tray
- Removable Brewing Unit for easy cleaning
- Thermoblock heating system

Coffee Link App

STRAIGHT TO THE SOUL OF YOUR COFFEE BEANS

1

Select your favourite coffee beans

2

Activate Bean Adapt Technology and set up according to chosen beans

3

Enjoy the perfect extraction

TECHNICAL DATA

Product dimensions (wxdxh)	mm	262x485x390mm
Product Weight	Kg	13
Input power	W	1450
Rated voltage/Frequency	V~Hz	220/240~50/60
Pump	bar	19
Water container overall capacity	l	2.2
Beans container capacity	g	500
Thermal Milk carafe capacity	ml	500 ml
