

**Connected 681L natural stainless steel French door refrigerator featuring a FlexFresh fully convertible entertainer's drawer, SmartSplit door design and TasteLock Easy-glide crispers with automatic humidity control.**

RRP AUS \$4,499.00

## Product Details

### FEATURES

FlexFresh™ Fully Convertible Entertainer's Drawer	SmartSplit Door Design	Connectivity	Mark resistant real stainless steel
Filtered ice and water	Slide-back and Flip-up shelving	SnackZone	UltraChill
Drinks Storage	Snacks Storage	FlexStor Its never been easier to get organised with our door compartment storage system. By simply lifting and sliding, you can adjust the height and position of the door compartments to fit both small and large items. With FlexStor you can change the configuration whenever you need to customise your refrigerator.	FreshPlus Cooling Keep your food at its best with our innovative FreshPlus technology. Whenever the fridge door is open, it immediately begins recooling to replace the lost cold air.
Quick freeze function great for when a large quantity of food is added to the freezer	Boost mode After a large grocery shop, use the Boost function when adding food to your fridge, so that the temperature decreases for 90 minutes before returning to the pre-set mode.	TwinTech Cooling System	Electronic controls with LED display and acoustic signal Electronic controls with LED display and acoustic signal
Holiday mode Going away? Set the fridge to Holiday Mode to help minimise defrosting and save energy.	R600a refrigerant better for the environment	LED lighting	Frost free Save your precious time with a freezer that doesn't ice up and need manual defrosting.

Fresh Sense deodoriser  
Keep your fridge and its contents smelling fresh with the in-built Fresh Sense deodoriser.

---

## BENEFITS

---

**A place for everything**  
We've thought long and hard about what you need in a fridge. Which is why you'll find a host of ingenious zones to help you organise your drinks and other items and even adjust micro-temperatures for perfect cooling. The FlexFresh fully convertible entertainer's drawer lets you dial up or down the cold air from -23C to +7C so your creation is revealed at its best. Likewise, you can store your drinks in the special drawer and set the temperature for perfectly chilled champagne or ice-cold drinks. Store your go-to essentials in a special SnackZone for the ultimate in organisation.

**Intuitive door design**  
With optimally split doors you have more usable space in your refrigerator door and can effortlessly reach for larger items, saving you the need to open both doors every time.

**Fresh is best**  
Our innovative TasteLock crispers automatically control the humidity levels to keep your fruit and vegetables at their best for longer. While Easy-glide crisper drawers open effortlessly, even when they're full.

**Stylish and smart**  
High quality, mark-resistant real stainless steel, now available in a new chic dark hue or classic natural stainless steel, lends a touch of class to any kitchen. Inside, the generous interior marries innovation and style in equal measure.

**Connectivity**  
Fresh ingredients form the most important part of every meal. With the new Electrolux Life app, you can confidently know that your produce is in the desired conditions by being able to monitor & adjust its temperature from the palm of your hand. Set your Entertainers Drawer to the right temperature when you're out gathering fresh produce, and receive alerts through the app when the desired temperature is reached. Ensure you always have fresh filtered water, as you get a reminder when its time to change the filter cartridge, or an alert when the door is accidentally left open. Let the refrigerator do the thinking so you can effortlessly plan your next get together.

**Connectivity Terms & Conditions**  
Minimum requirements: iPhone6/iOS 9.3/Android 5.1 and above. You will need to install the Electrolux Life app, create an Electrolux account and accept the Terms and Conditions and Electrolux's Privacy Policy in the app to use the connected features of the appliance. Internet and Wi-Fi connections are required to use the full features of the app and the appliance. Minimum requirements, apps and services are subject to change without notice.

#### Thirst-quencher

Like a cool glass of pure, filtered water? Your fridge is there to deliver, any time of the day or night at the touch of a button.

---

#### Ice on the go

You'll love the efficient, always-ready ice-maker in your new fridge. Efficient and compact, it's ideal for hot summer days or effortless entertaining.

---

#### Smart on space

The thoughtful Slide-back and Flip-up shelving means you can store that two-tiered birthday cake for the big moment, no problem.

---

#### SnackZone

The SnackZone is the ideal compartment for keeping those smaller ingredients separate for easy access such as fruit for your morning smoothie allowing you to be prepared before the week begins.

---

#### Designed just for you

Customise your fridge just the way you want it. FlexStor™ makes it simple to arrange the fridge to your needs with adjustable door bins and shelves. Different sized compartments effortlessly accommodate items big or small.

---

#### Keep it cool

The fridge door is one of the most opened in any household, which is why we came up with FreshPlus technology to help maintain the perfect temperature inside your fridge. It automatically detects when it needs to begin cooling, keeping the temperature down to lock the freshness in.

---

#### Increase the chill

With a combination of Quick Freeze and Boost mode, you will always be prepared when entertaining. After a large shop, Boost Mode increases the chill rate of the refrigerator for 6 hours whilst the Fast Ice function lowers the freezer to -23C for 12 hours, before returning to their pre-set temperatures, to ensure your produce stays fresher longer.

---

#### UltraChill

The UltraChill setting is a deep chill at -2C which keeps meat and fish fresh in optimum condition for longer without freezing. This ensures the fresh texture is maximised and moisture loss is reduced compared to regular deep freezing. This saves your time defrosting meat and more time to enjoy with your guests.

---

#### Snacks Storage

Store your specialty meats and cheese at 3C, the ideal temperature for storing your antipasto platter, ready to be enjoyed when your guests arrive.

---

#### Drinks Storage

Store your drinks at the ideal temperature every time by setting the drawer at 7C for perfectly chilled wine and champagne, or at 0C for icy cold drinks.

---

#### Effortless access

It is one of the most hardworking appliances in your house, so it makes sense your fridge takes the effort out of simple tasks. Our smooth telescopic runners ensure you can reach the very back of the crisper and freezer drawers easily.

---

#### TwinTech Cooling System

Two independent cooling systems work together to deliver lasting freshness. One cooling system chills the freezer so no frost builds up. The other cools the refrigerator, providing stable temperature and humidity.

---

## Specifications

### PRODUCT PROFILE

Domestic warranty details (yrs)	2
Additional domestic warranty for the sealed refrigeration system only (yrs)	3
Refrigerator Type	french door
Exterior door finish	Stainless steel
Handle design	integrated
Fridge door opening	left and right
