Dimensions

Depth	565mm
Height	598mm
Width	596mm

Features & Benefits

Multi-function flexibility

11 functions including Roast, Pastry Bake and Fan Grill mean no matter what you're cooking, you've got the right heat to match.

Generous capacity

With a generous sized internal cavity, you can create several dishes at once using multiple shelves.

Cleaning is simple

Pyrolytic self-clean breaks down food residue at a very high temperature, leaving a light ash that's easily removed with a damp cloth.

Perfect results

With ActiveVent technology for optimised moisture levels and AeroTech for even heat distribution, you'll get perfect results even when using multiple shelves.

Seamless fit

Designed to fit seamlessly in your kitchen, this built-in oven fits flush with cabinetry to minimise gaps and add to a cohesive aesthetic.

CoolTouch door

The CoolTouch door features triple glazing and a cooling system that ensures it's safe to touch from the outside – protecting both your hands and the surrounding cabinetry.

Designed to match

With their tempered black glass, stainless steel finish, and contemporary handle styling, our built-in ovens match the rest of Fisher & Paykel's kitchen appliance family.
