

RS90AU1

## Integrated French Door Fridge, 900mm, 525L, Ice & Water

### Integrated

This Fisher & Paykel integrated fridge freezer with internal ice maker is designed to fit flush with kitchen cabinetry for a seamless look in your kitchen.

### Integrated

## Dimensions

Depth	606mm
Height	<sup>A</sup> 1798mm
Width	<sup>B</sup> 896mm

## Features & Benefits

### ActiveSmart™ Foodcare

ActiveSmart™ Foodcare learns how you live. It's technology which understands how you use your fridge and adjusts temperature, airflow and humidity inside to help keep food fresher for longer.

### Simple storage

This fridge is designed to make it simple for you to store, access and remove food. Storage bins give you full access inside when they're pulled open and can be easily removed to clean. Our flexible shelving also gives you more storage options.

### Ice maker

Fresh ice is always available for you in a dedicated freezer bin. Simply turn it off to free up freezer space or during busy times, you can boost ice production by up to 30%.

### Water on tap

The slimline dispenser makes it easy to fill almost any sized jug or vessel with cool filtered water and doesn't take up any storage space in your fridge. This model will need to be purchased with a stainless steel panel when using the water dispenser.

### Easy cleaning

No more permanent dirty marks with our EZKleen feature for stainless steel fridges. Anti-fingerprint coating means you simply wipe clean any marks. Spill-safe secure glass shelves easily capture any drips or leaks.

### Clever energy

Your fridge adapts to daily use by cooling and defrosting only when needed. This ActiveSmart™ technology means better energy efficiency without compromising on food care.
