

# Hand Blender: HDP306WH

The upgraded Triblade delivers even more power, efficiency, and controllable blending at the touch of a button. The newly designed ergonomic head makes handling simple, stylish and very and is complemented by Suregrip™ soft grip areas easier use.

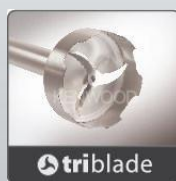

The Triblade System™ is a combination of innovations to create the best blending system. Specially located ribs and castellations disrupt the flow of ingredients pushing food onto the blades. This maximises cutting action for chopping and blending as efficiently as possible.

- 800W motor
- Polished Plastic
- White/Grey Colour
- Single Speed + Turbo
- Masher/Pureeing Attachment
- 0.75L Calibrated Beaker
- Whisk attachment
- Stainless Steel Blades
- Metal Shaft
