Digital Inverter Motor with 11 year parts warranty*

Low fuss for a long time – digital inverter motor with a 11 year parts warranty*. The motor works without brushes, which helps to reduce the number of separate moving parts and friction, making for a low vibration motor with a quiet wash cycle.

Compact outside, big capacity inside

With Samsung WD75J5410AW 's 7.5kg/4kg combo load capacity, you can wash and dry laundry efficiently, with a small space being taken up in your laundry.

Crystal Blue Gloss™ Design

With its big blue semi-transparent crystal blue gloss™ door opening up to an angle of 150° wide, this model has been designed for easy loading and unloading. Paired with a ice blue Dot LED display, the Samsung WD75J5410AW is an elegant addition to your laundry.

Air Wash

By using heated air, the Air Wash function is designed to help reduce odours in your clothes - similar to airing your clothes in the outside environment. Not only is it unnecessary to use detergent or other chemicals, this function requires no water while washing.

15 Min Quick Wash

This great wash program is designed to wash up to 2kg of lightly soiled laundry in only 15 minutes

*11 Year parts warranty applies to Digital Inverter Motor only and is inclusive of 2 years Parts & Labour Manufacturers Warranty on the entire unit. See <http://www.samsung.com/au/support/main/supportMain.do> for further information.
