After all, the way to everyone's heart is through their stomach. We aren't about fancy features, just beautiful designs that work, created with the freshest produce in mind. Our new Westinghouse fridge range is evolving with today's modern household, combining functionality with style. Simple design that allows your family to create and live with ease. That's why we created FlexSpace. A humble solution for your family's fridge needs, that allows you to configure the interior any way you want.

Showcasing a stylish flat door design, our range is available in dark or natural real stainless steel and white to compliment your kitchen and lifestyle. With consideration for the environment, our new models have been designed to be energy efficient, keeping your costs down and allowing you to care for your surroundings.

choose the right fridge with Westinghouse

A fridge is a vital part of every home, but with so many to choose from it can be difficult to know which one is right for your family. So, to help you find your perfect fridge, we've put together some helpful guidelines and questions to consider.

type & style

- Think about the style of your kitchen. Would white, dark, stainless steel or arctic silver suit your space?
- Do you have limited space but still want all the benefits of a large fridge in a slimmer model?
- Do you like the aesthetics of a French door model and the idea of an ice and water dispenser?
- Do you tend to have a lot of frozen food or do you need more fresh food and drinks storage?

dimensions

- Does the fridge need to fit into an existing space? Make sure you measure your kitchen cavity and doorways before choosing a fridge.
- Remember that fridges need air space around them to keep them running at their best. Check this when considering which models will fit your kitchen cavity.

capacity

- As a general rule a family of two needs around 300L of food storage space. For each additional family member add around 60L.
- Remember your family may grow in the future, so when in doubt, go for a larger size. Larger fridges tend to have more features and are more efficient.

flexible interiors

- Are storage space and flexible interiors important to you?
- Do you like to entertain or regularly need to fit a lot of food and drinks into your fridge? Our new FlexSpace™ range maximises storage, flexibility and access making it perfect for families.

value

- Consider which features are most useful to you. Your family's needs may change, so a fridge that can adapt with you is a great option.
- Ongoing running costs can eat into your family budget so check the energy rating system (the more stars and the lower kWh per year the better).

easy cleaning

- Food can be messy! So you'll benefit from SpillSafe shelves, easy-to-remove parts and fingerprint-resistant surfaces.

functions & controls

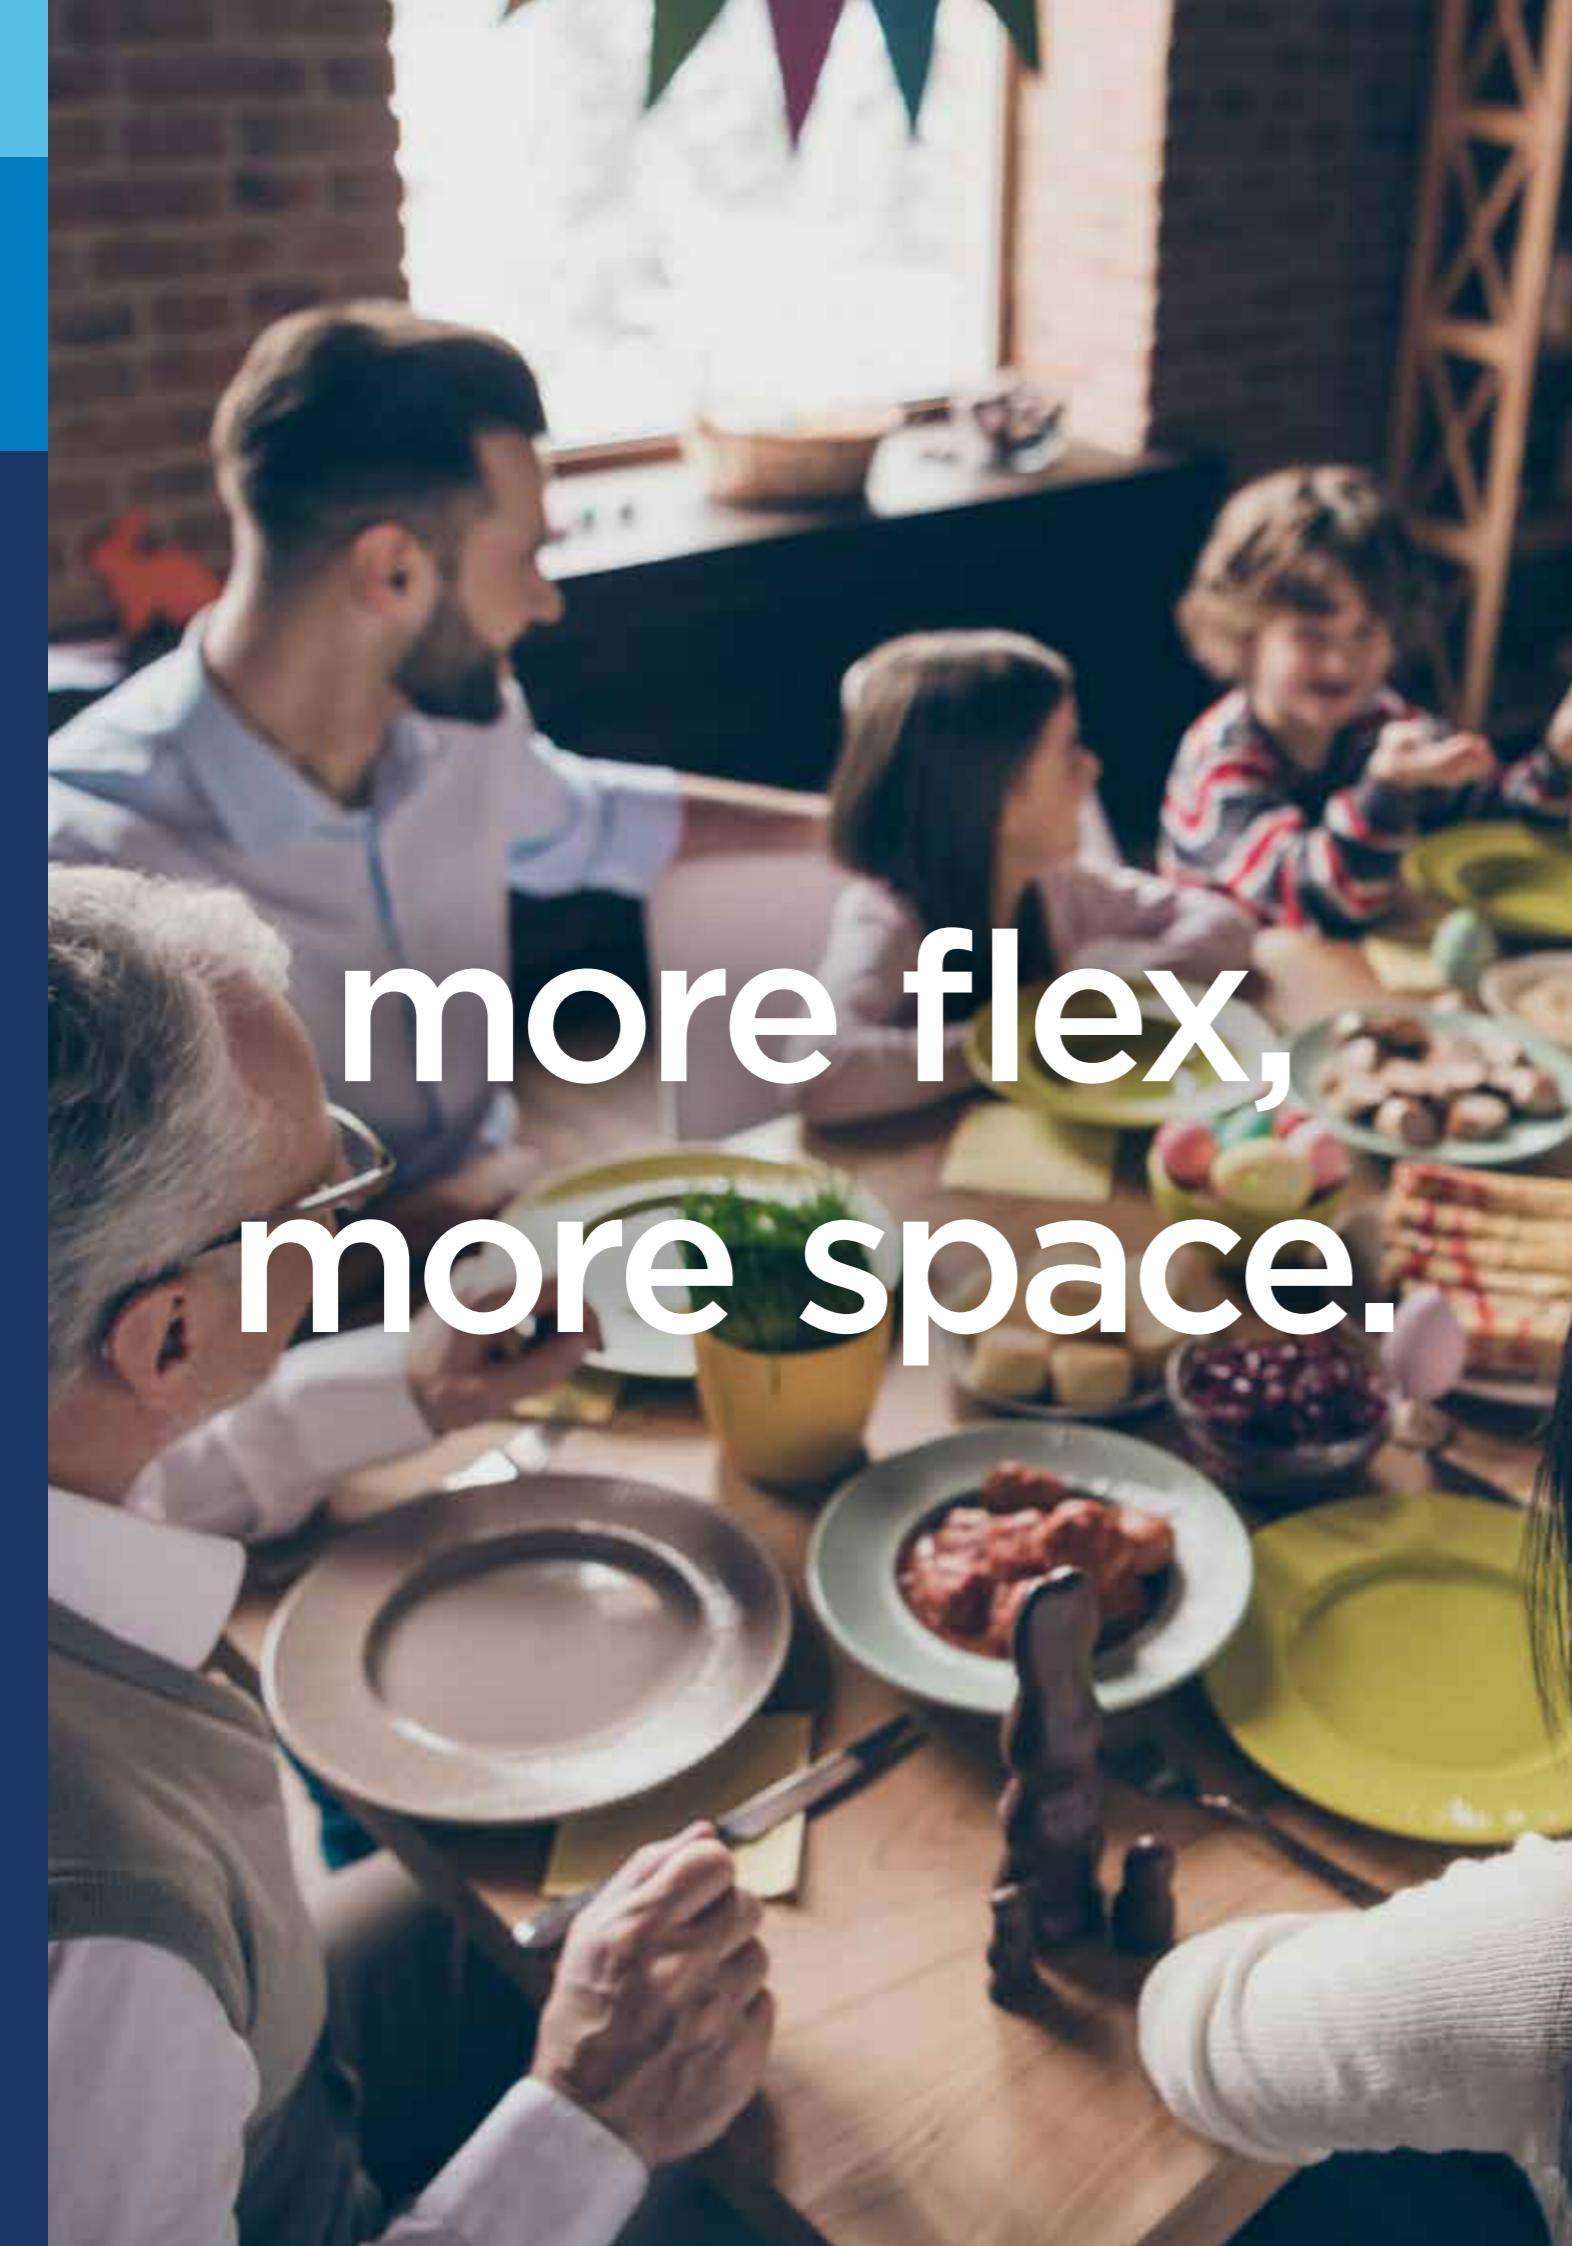

- Manual controls are quick and easy to use
- Electronic controls offer a wider range of clever functions including quick chill, door alarms, quick freeze and holiday mode.

security & reliability

- A fridge or freezer is a considerable investment so make sure you buy a quality brand you can trust.
- For extra peace-of-mind ensure that the company you choose can provide advice, service and support for your fridge well beyond the shop floor.

R600a refrigerant

- Westinghouse is committed to caring for the environment. That's why all of our fridges have started converting over to use the less harmful R600a refrigerant. So now your family fridge can quietly play its own part in reducing your household's impact on the environment.

A photograph of a family dining scene. In the foreground, a man with glasses and a beard is eating from a plate. Behind him, a woman and a young child are also eating. A waiter in a white shirt and apron is standing in the background, holding a tray with food. The table is set with various dishes, glasses, and cutlery.

more flex,
more space.

ORGANISATION SOLUTION

FlexSpace™

There's a good fridge then there's a great fridge. The Westinghouse FlexSpace range is definitely the latter, specifically designed for households of 1 or 10, we'll fit into your lifestyle. We know you can always do more with the space you've got. With a combination of clever adjustable interiors, our shelves, drawers, crispers and door bins have got you covered.

STYLISH DESIGN

real steel

Our fridges are available in a dark or natural real stainless steel.* Creating a stylish new centrepiece in your kitchen that is easy to clean with a fingerprint resistant finish.

FRESHSEAL CRISPERS

superior seals, superior flavour

Whether you're cooking for the family or just yourself, freshness is the king of the kitchen. Our FreshSeal Crispers have advanced seals, and with humidity control you get better flexibility to look after your food the right way. Our seals assist in preventing moisture loss, while the humidity control lets you provide a better environment for fresher tasting food.

A photograph of a woman with dark hair, wearing a white tank top and grey sweatpants, sitting on a light-colored tiled floor in a kitchen. She is holding a young child in her arms. The child is wearing a grey t-shirt and grey pants, and is looking up at the woman. In the background, there is a kitchen counter with a sink, a wooden cutting board, and some knives. A blue circular graphic is overlaid on the left side of the image, containing the text.

the kitchen
is the heart
and soul of
every home

LARGE FRENCH DOOR

larger than life

Our large French door range can accommodate the ever-growing family and the appetites that come with it. With dual doors opening to reveal a cavernous interior, our 681L capacity Large French door fridge with convertible drawer and FlexSpace has room for the whole family's hungry tummies.

WHE6874SA

LARGE FRENCH DOOR

features

convertible drawer

With the widest temperature range from -23°C to +7°C our FlexSpace Convertible Drawer adapts to your needs with a touch of a button*. With 5 predefined settings you can chill your drinks, freeze your meat or store your deli snacks, taking the headache out of the fridge and freezer shuffle, making you feel really clever. (Selected models)

DualCooling system

With the DualCooling system, the fridge and freezer compartments work independently to maintain the optimum temperature and humidity to keep foods fresh or frozen.

SmartSplit door design

With optimally split doors you have more usable space in your fridge door and can reach for larger items in a quick and easy manner, saving you the need to open both doors every time. (Selected models)

superior seals, superior flavour

Our FreshSeal Crispers have advanced seals, and with humidity control you get better flexibility to look after your food the right way. Our seals assist in preventing moisture loss, while the humidity control lets you provide a better environment for fresher tasting food.

ice & water at your fingertips

An ice cold drink or fresh filter water on a warm day is one of life's greatest joys. With automatic ice and water dispenser, you and your family can have the best of both worlds for those scorching summer days.

slide back and flip up shelves

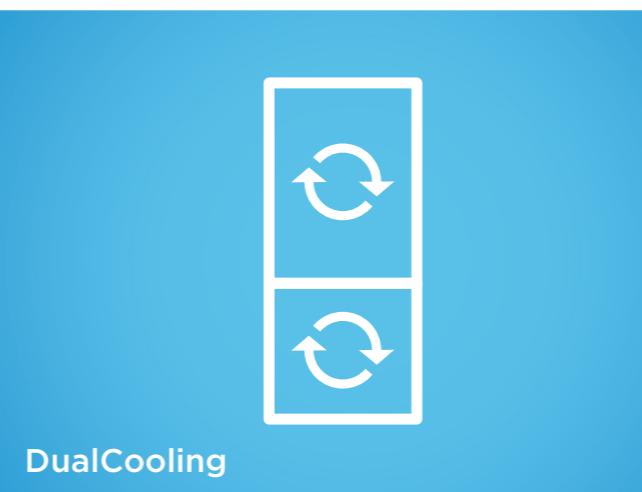

The flexibility to slide back or flip up some of the fridge shelving makes fitting those extra tall items or large platters a piece of cake.

SnackZone

The SnackZone is the ideal compartment for family favourites. The optimal height for even the smallest family members to reach, ensuring healthy snacks are always available. (Selected models)

keeping your fridge looking its spotless best

Life can get messy, that's why we've made our Westinghouse fingerprint resistant real stainless steel easy to clean. Just one quick wipe with a damp cloth and you are mark free again.

SLIM FRENCH DOOR

**Slim in size, packed
with features**

Our range of fridges pack a lot into their slim French doors. Designed to fit into a 90cm fridge cavity, these fridges come with far more space than meets the eye. This means more fresh food, big grocery shops and a fridge that is always organised. You'll never run low on space, or compartments. With three or four door configurations you can stack like a pro, fitting more of your favourite produce in the fridge you love.

SLIM FRENCH DOOR

features

slim fridge, to fit in a 90cm space

Designed for maximum storage, our large 600/605L Westinghouse French door fridges are slim enough to fit in a 90cm space with ease.

contains spills

Spills happen, but when they do, the world doesn't have to end. The Westinghouse Spillsafe glass shelves help with the mess by containing the spilt liquid to one shelf, so you have less to clean.

always on ice

With the convenience of an automatic ice maker, we've got your ice needs covered. By continuously replenishing itself, you will always have ice available for your family or last minute guests. (Selected models)

superior seals, superior flavour

Our FreshSeal Crispers have advanced seals, and with humidity control you get better flexibility to look after your food the right way. Our seals assist in preventing moisture loss, while the humidity control lets you provide a better environment for fresher tasting food.

endless possibilities with FlexSpace™

Designed to suit your ever-changing needs, the extra spacious French door design delivers a wider fridge capacity with FlexSpace™. Perfect for party platters or lots of fresh food, you'll love having everything at eye level so you can easily check all the contents with just a glance.

never fear, our family safe lock is here

Some things picked up on the shop aren't meant to be shared. Keep medication or treats from prying hands with the Westinghouse FamilySafe Lockable Compartment.

keeping your fridge looking its spotless best

Life can get messy, that's why we've made our Westinghouse fingerprint resistant real stainless steel easy to clean. Just one quick wipe with a damp cloth and you are mark free again.

COMPACT BOTTOM MOUNT

fit in more of what you love

Compact doesn't always mean sacrificing features or functionality. The Westinghouse Compact Bottom Mount Fridge has the perfect flexibility for your party shop, or your weekly one, fitting in what you need when you need and keeping it fresh.

WBB3700AG

COMPACT BOTTOM MOUNT

features

humidity controlled crisper

The full width, humidity controlled crisper offers the perfect environment for preserving fruit and vegetables, as well as having a removable crisper front for easy cleaning.

FlexStor fits your life

When life gets busy, flexibility is a life saver. That's why Westinghouse created the FlexStor system. The adjustable door bins allow for quick and easy adjustment whenever or however you need it. We make it easy to do more with your fridge.

easy clean glass

Cleaning your fridge shelves has never been easier. The Westinghouse adjustable glass shelving can be easily manoeuvred allowing you to effortlessly get into every nook and cranny, no matter the mess.

easy clean silver doors

The easy clean silver doors ensure our fridges maintain that sleek clean look. In fact, a damp cloth should be all you need to remove fingerprint marks.

keep your food fresher for longer

Fresher food means tastier food. The Westinghouse Multi-Flow Air Delivery System keeps the temperature stable so every ingredient in the fridge stays fresher for longer.

easy to use electronic controls

With the Westinghouse Electronic control system, you can easily change the temperature of your fridge with the touch of a button.

cool down with a twist

Whether it's for an afternoon juice or a whisky on the "rocks", our easy access twist ice dispenser and tray allows you to just twist and serve ice simply.

see more with LED

Spend less time with your head in the fridge and more time enjoying your fresh food with Westinghouse's LED lighting. More light means you find what you're looking for faster.

SIDE BY SIDES

fridge and freezer side by side

With the convenience of a full height fridge and freezer in a single unit, our side by sides offer large capacity with ease of access. With the combination of shelves, drawers and door bins on both sides you can take your organisation skills to the next level.

WSE6870SA

SIDE BY SIDES

features

ice & water at your fingertips

An ice cold drink or fresh filter water on a warm day is one of life's greatest joys. With automatic ice and water dispenser, you and your family can have the best of both worlds for those scorching summer days. (Selected models)

never fear, our family safe lock is here

Some things picked up on the shop aren't meant to be shared. Keep medication or treats from prying hands with the Westinghouse FamilySafe Lockable Compartment.

get organised with the FlexFresh™ crisper

The sealed FlexFresh™ Crisper provides great flexibility with an adjustable divider for all the space you need.

cool down with a twist

Whether it's for an afternoon juice or a whisky on the "rocks", our easy access twist ice dispenser and tray allows you to just twist and serve ice simply. (Selected models)

FlexStor fits your life

When life gets busy, flexibility is a life saver. That's why Westinghouse created the FlexStor system. The adjustable door bins allow for quick and easy adjustment whenever or however you need it. We make it easy to do more with your fridge.

see more with LED

Spend less time with your head in the fridge and more time enjoying your fresh food with Westinghouse's LED lighting. More light means you find what you're looking for faster. Selected models.

adjustable interiors with SpillSafe glass shelves

With over 20 different shelving and door bin positions, you can easily fit the smallest deli items to the biggest party platters. SpillSafe glass shelves improve visibility and isolate leaks - preventing up to 1 litre of spills from dripping down to the shelves below.

keeping your fridge looking its spotless best

Life can get messy, that's why we've made our Westinghouse fingerprint resistant real stainless steel easy to clean. Just one quick wipe with a damp cloth and you are mark free again. (Selected models)

SINGLE DOOR FRIDGES
AND VERTICAL FREEZERS

double the convenience

Westinghouse's single door fridges and vertical freezers can be combined to give you two units in one big space, providing you with maximum fresh food and freezer storage. Or they can be placed in separate places to give you the best utilisation of space in your kitchen.

WFB4204SB, WRB5004SB

SINGLE DOOR FRIDGES
AND VERTICAL FREEZERS

features

keep it stylish

Crafted with ultra-modern flat doors, elegant handles and your choice of real stainless steel or white, your fridge will be the centrepiece of your kitchen. (Selected models)

less energy, more care

Our range has been designed to be energy efficient*, reducing your electricity usage and so helping you to care for the environment around you. (Energy ratings and running costs vary by model)

*Designed to meet MEPS AS/NZS4474.

contains spills

Spills happen, but when they do, the world doesn't have to end. The Westinghouse Spillsafe glass shelves help with the mess by containing the spilt liquid to one shelf, so you have less to clean.

FlexStor fits your life

When life gets busy, flexibility is a life saver. That's why Westinghouse created the FlexStor system. The adjustable door bins allow for quick and easy adjustment whenever or however you need it. We make it easy to do more with your fridge.

pigeon pair

Place your single door fridge and vertical freezer together in one space to create the maximum fresh storage for your big family.

cool down with a twist

Whether it's for an afternoon juice or a whisky on the "rocks", our easy access twist ice dispenser and tray allows you to just twist and serve ice simply.

see more with LED

Spend less time with your head in the fridge and more time enjoying your fresh food with Westinghouse's LED lighting. More light means you find what you're looking for faster.

FLEXSPACE

accessories

Westinghouse have designed a collection of clever accessories to complement your FlexSpace™ refrigerator.

Choose one or add the whole collection to create the ultimately practical fridge interior to suit your family's needs.

FlexSpace™ bottle stop

ACC083

Stop your bottles of drink from rolling around the bottom shelf with the bottle lock. With its spring loaded design, the bottle stop allows you to safely lock your bottles into place above the crisper.

FlexSpace™ 70cm & 80cm pull-out shelves

ACC169/170

The pull-out shelf allows you to conveniently store and access those large and awkward items you would otherwise have trouble placing on your fridge shelf.

FlexStor small items bins

ACC084

Take advantage of the small spaces on your fridge door with the 2 small items bins. The narrow design allows you to conveniently store those small items that would otherwise get lost in your fridge.

FlexStor can dispenser

ACC082

The ultimate in chilled convenience. The FlexStor can dispenser allows you to quickly grab a chilled can of drink right from inside the door on your fridge.

INTEGRATION KIT

seamless integration

The Westinghouse Integrated Refrigeration Kit offers a simple and precise solution for a seamless kitchen. The specialised Westinghouse hinges also allow the fridge door to open to a wide 120°, making it easier to access food as well as clean and remove shelves. In order to prevent unnecessary running around and hidden costs, our unique kit comes complete with all parts to complete the installation, including the hinges.

How does it work?

The kit is designed to fit our compact top and bottom Westinghouse fridges. It utilises a sliding system which fixes the outer door of the fridge to the kitchen cabinet.

When the cabinet door is opened, the connecting rail opens the fridge in one smooth and simple motion.

Dimensions and installation guide

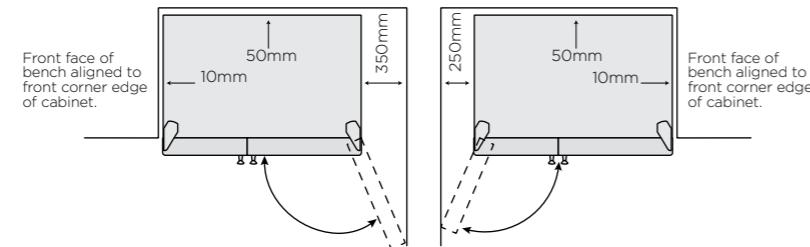

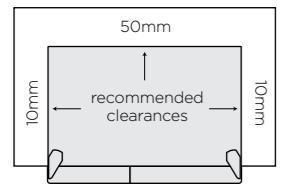

Large and compact side by sides[†]

WSE6900, WSE6870, WSE6200, WSE6170

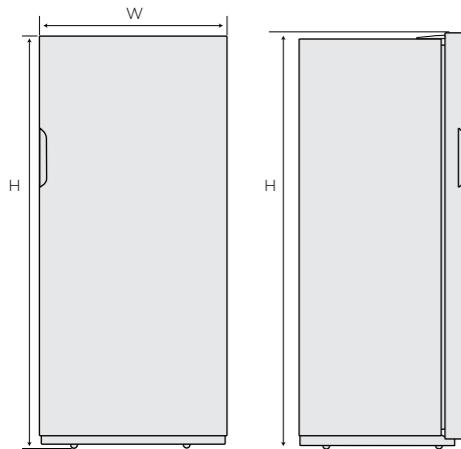

Recommended minimum clearances

Please note: Doors are designed to sit proud of cabinetry (not flush).

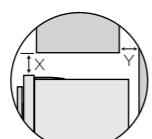

Verticals and pigeon pairs[†]

WRB5004, WFB4204, WRB3504, WFB2804

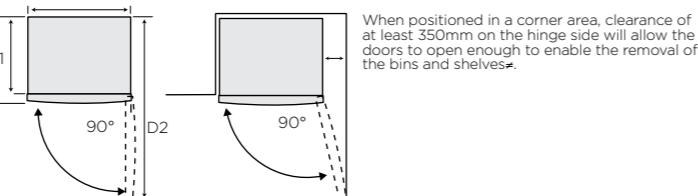

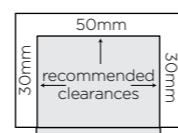

Recommended minimum clearances

Please note: Doors are designed to sit proud of cabinetry (not flush).

If you have a cupboard above the refrigerator with a rear gap of less than 100mm (Y), recommended minimum clearance at the top of the refrigerator increases from 30mm to 70mm (X).

Model	Door width (W)	Total depth (D)	Max height (H)	Cabinet width (W1)	Cabinet depth (D1)	Depth door open (D2)
-------	----------------	-----------------	----------------	--------------------	--------------------	----------------------

Side by sides	WSE6900, WSE6870	1000	784	1787	993	610	1240
	WSE6200, WSE6170SA	912	784	1787	905	610	1150

Recommended minimum clearances

Please note: Doors are designed to sit proud of cabinetry (not flush).

If you have a cupboard above the refrigerator with a rear gap of less than 100mm (Y), recommended minimum clearance at the top of the refrigerator increases from 30mm to 70mm (X).

50mm
30mm
recommended clearances
30mm

Front face of bench aligned to front corner edge of cabinet
When positioned in a corner area, clearance of at least 350mm on the hinge side will allow the doors to open enough to enable the removal of the bins and shelves. This required clearance increases to 550mm for those models with telescopic extension slide-out bins.

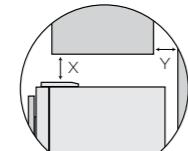

Compact bottom mounts[†]

WBB3700, WBB3400A

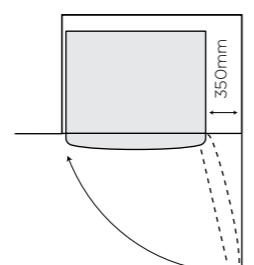

Recommended minimum clearances

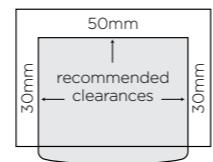

Please note: Doors are designed to sit proud of cabinetry (not flush).

If you have a cupboard above the refrigerator with a rear gap of less than 100mm (Y), recommended minimum clearance at the top of the refrigerator increases from 50mm to 100mm (X).

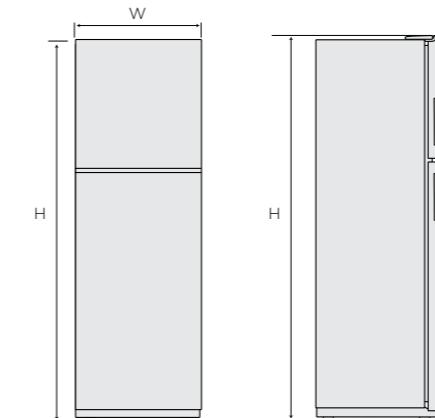

When positioned in a corner, the clearance must be at least 350mm on the hinge side to allow the door to open smoothly so that bins and shelves can be removed easily.
